Multi-Deck Island Case

O4ID

4-Deck Deli Merchandiser

Consistent product temperatures allow you to confidently display deli and prepared foods in all four decks of this unique island case.

O4ID

Please consult Hill PHOENIX Engineering Reference Manual for dimensions, plan views and technical specifications. Specifications subject to change without notice. Designed for optimal performance in store environments where temperature and humidity do not exceed 75°F and 55% R.H. Certified to UL 471 and ANSI/NSF Standard 7.

Standard Options:

- Model O4ID and O4IDB offer single-joint end options for versatile placement and lineups.
- Model O4ID and O4ID BB offer double-joint end options for flexible placement between single-joint end models for longer lineups.
- Honeycomb inner flue directs cold air over product and flows across shelves to maintain consistent temperature.
- Wire or Plexiglas shelf package stops provide neat, appealing displays.
- Optional electrical outlet can be installed in kickplate for easy power access.
- Optional 7" straight thermopane glass or 8.75" curved Plexiglas front sills offer good product visibility while helping to maintain consistent product temperatures.
- ECM energy-efficient fan motors available.
- Standard off cycle defrost for cost-effective operation; electric or hot gas defrost also available.
- Exclusive SmartValve™ energy-saving technology available.
- Environmentally-friendly Second Nature® secondary coolant application available.

Features and Benefits:

- Unique design ensures uniform case performance and lower average product temperatures with optimum energy efficiency.
- All-steel construction for increased life span and structural integrity.
- Seamless tank liner provides positive drain runoff and enhanced sanitation.
- Integrated two-part polymer bumper systems provide unparalleled protection and durability.
- Removable castors for easy merchandiser unloading, movement and placement.
